Tamil Native ●●●●●
English ●●●●

PROFILE

Highly skilled React.js and Next.js Developer with over one and half years of professional experience. Proven ability to develop user interface components with React.js / Next.js and troubleshoot complex issues. Have made significant contributions in creating high-quality code with excellent uptime and optimized performance. Excited about implementing robust and innovative solutions.

WORK EXPERIENCE

Associate Software Engineer

Leventi's Software Solutions Private Limited 2023 - Present

Collaborated with a team in developing, testing, and ensuring the robustness of key user interface components.

- Developed reusable React.JS components, improving code manageability and reusability by 60%
- Optimized the system's overall performance, reducing loading time by 30% across different web browsers.
- Spearheaded the translation of UI/UX design to actual code which resulted in an enhanced user interface.

React.js / Next.js Developer

Cubiksoft Technologies Private Limited Nov 2022 - Dec 2022

Worked with React tools and focused on code quality and reusability for future projects (Internship).

- Created an innovative front-end library resulting in 35% faster product development cycles.
- Improved front-end coding standards resulting in 25% increase in team efficiency.
- Introduced and implemented browser-based debugging, improving troubleshooting efficiency by 40%.

Front-end Trainee

Qtree Technologies July 2022 - Oct 2022

Contributed to frontend development with a primary focus on React-based applications.

- Designed and implemented RESTful APIs for seamless client-server communication.
- Integrated third-party APIs and services to enhance application functionality.
- Utilized the latest technologies and best practices to develop efficient and scalable web applications.
- Implemented React Hooks in projects, enhancing code reusability and efficiency.
- Developed interactive web applications using React.js.
